Swim School

It is amazing to see the development of skills in only 3 days. Children should be sleeping well given the energy expended each day. I have also invited Eumungerie P.S. to join us for our school swimming carnival on Thursday 5th February 2015, to add another dimension to the day. Note that the carnival next year will be during the school day, not an evening carnival.

Merry Christmas Dennis

We took delivery of the new ride on mower on Monday. My thanks to Steve Watt for forklifting the mower and pallet off Oxtran to allow Dennis to drive it to the school and garage it into its new home. This is Dennis's early Christmas present. Apologies Dennis but we didn't get a chance to gift wrap it.

Wild times last Monday

A short, but violent wind and rain squall hit Tooraweenah P.S. late on Monday afternoon. Full woolpacks of cans cartwheeled down the driveway, trees lost branches and roofing iron from the vacant house across the road ended up on the road, the principal's residence and front verge of the school. (see photographs above) Had the storm hit later the consequences could have been tragic.

Swim and Survive – summer is just around the corner and Sport and Recreation will again be delivering Swim and Survive lessons throughout regional NSW.

Sport and Recreation's Swim and Survive program caters for children from 18 months through to 12 years of age. Our lessons provide intensive water familiarization and learn to swim classes, generally held over eight or nine consecutive weekdays.

Our friendly, qualified instructors will teach basic skills on how to enjoy the water safely and the techniques needed to become a strong and confident swimmer.

Children need lots of practice, so our lessons are an excellent opportunity to reinforce the skills they learn through a school-based program.

All enrolments for Sport and Recreation's Swim and Survive program should be directed to www.dsr.nsw.gov.au/swimandsurvive or our client service center on 13 13 02.

Should you have any further queries, or require additional copies of the flyer, please do not hesitate to contact me on (02) 6766 1200.
