School News Week 5, Term 4, 2014

Last week

I would like to convey my thanks to staff and parents/students for their thoughts, cooperation and concern last week when I was completely levelled by food poisoning for 4 of the 5 school days. Not the best way to lose 7kg and I hope never to experience a week like that again.

Next week

Two student teachers from Newcastle University will be joining the staff for a 4 week teaching practicum. Lucy McWhirter will be on K/1 and David Riley on Years 2/3/4. Local girl and ex-student, Brooke French, now of Gilgandra High, will be doing work experience on the 5/6 class.

Calendars 2015

Dates of major events for next year are starting to come in and will be added to a calendar that parents will receive in Week 8. A more substantial one will also go home in the first school week of next year.

New arrival

Pepper, our resident mare gave birth to a palomino foal during Tuesday night.

Snakes

Dispatched our first snake yesterday. Children have been thoroughly briefed about no go zones and what to do if they sight one. They have also been told about making up stories when no snake actually existed.

"There's nothing small about small schools"

Principal

Choosing the right shoes

School shoes may all look the same but the cost can vary from about \$30 to \$120 and beyond. Does a more expensive shoe mean a better shoe? Find out more:

Jargon explained

If your child's teacher mentions G&T in the COLA, she's actually talking about gifted and talented classes being held in the covered outdoor learning area.

Where's the octopus

Wow - it's videos like this that show kids how cool studying science can be. Watch it with them:

Reminder: With the advance of warmer weather all students are reminded to bring their **water bottles** and **crunch 'n' sip** each day. Mrs. Smith would also like the students to **search at home** for **Home Readers** and **return** them to school to be exchanged.
